WORK EXPERIENCE

Business Excellence Intern, Bosch

Apr 2025–May 2025

- Conducted process analysis as part of **Industry 4.0** team, diagnosing **9+ critical inefficiencies** in spark plug manufacturing plant
- Designed 6-stage **Predictive Maintenance Roadmap** utilizing vibration analysis for **advanced fault detection** (5+ types) and **RUL**
- Optimized real-time monitoring by **enhancing sensor setup** and integrating data with **ERP** and Nexeed for seamless visibility
- Validated the model using **5,000+** sample records, projecting **25% reduction** in unplanned downtime and maintenance costs

Domain Support Specialist, Ericsson India Private Limited

Sept 2022–May 2024

- Managed EMM operations support for Veon Algeria project and stabilised 16+ servers health along with regular cleanups
- Implemented **2 automations** which reduced total **2 hours** of daily operational work, hence **earned awards** for efficiency gains
- Managed **change requests** and **resolved incidents** daily with **0 SLA breaches** through the tenure maximising client satisfaction
- Delivered **24/7** of time for **on-call support 15 days** a month and resolved critical issues promptly to minimize downtime

Intern, Ericsson India Private Limited

Feb 2022–Aug 2022

- Acquired 6 skills: Python Basics, SQL, GSM Architecture, Linux, Shell scripting Basics, types of Indoor and Outdoor Antennas
- Gained knowledge on Siebel Tools software as part of Siebel CRM department for 2 months and completed the assessment

CORPORATE PROJECTS

Digital Strategy Consultant Intern, Thridify

Sept 2025–Oct 2025

- **Collaborated closely with Thridify co-founders** architecting 3-tier partner framework and future scalable aggregator model to trigger "network effects" while ideating value differentiators projected to optimize partner retention
- **Implemented automated outreach systems** using AppScript, Zeptomail, and Mailersend, deploying **8+ high-conversion** templates that initiated partnership discussions with **3+ agencies**
- **Designed a partner-onboarding UI flow** and created the **Furniture Services webpage** on WordPress, strengthening engagement and improving **time-on-site KPI**

EDUCATION

School of Business Management, NMIMS Mumbai

Apr 2026

MBA Digital Transformation (CGPA: 7.35/10.00)

Manipal University Jaipur, Jaipur

2018-22

BTech Electronics and Communication Engineering (CGPA: 8.61/10.00)

ACADEMIC PROJECTS

Business Process Transformation, NMIMS

- Built **4+ automated workflows** in a Docker-enabled n8n setup for fashion startup, integrating 6+ tools and **Agentic AI** to automate order tracking, email marketing and generate 100% brand-aligned product video to **improve marketing efficiency by 60%**.

Operations and Supply Chain Management, NMIMS

- Directed a project for a carton manufacturer in Jalandhar, **identifying bottlenecks** and delivering a **90-day** payback period roadmap
- Leveraged **inventory control models** (EOQ/EPQ) and **Quality Control charts** (X,R,Pbar) forecasting **30% reduction** in defects

Product Management and Marketing, NMIMS

- Ideated and validated **8 new features** for gym app via **Design Thinking**, Kano survey & **RCCTO** framework for product-market fit
- Devised an **MVP strategy** & a **front-end prototype** along with an **Ad** for the top 4 features, maximizing user engagement

Machine Learning for Data-driven Decision Making, NMIMS

- Engineered **fraud detection** solution using AI for code generation on 50,000 claims, leveraging **Random Forest model** achieving 96% Precision and 82% Recall, enabling both a **"Smart Triage"** system and a follow-on clustering analysis of fraud personas

CERTIFICATIONS AND EXTRACURRICULAR

Achievements: National Finalists in Edgistify Innovation Challenge 2025 (Top 1%)

Professional Certifications: KPMG certified Lean Six Sigma Green Belt

Publications: 1. High Directivity and Gain Microstrip Antenna for 5G Application with Suspended Ground Applications (IEEE)

2. A Lens Shaped Slot and Parasitic Element Isolated MIMO Antenna for 5G Wireless Applications (IEEE)

SKILLS/INTERESTS

Tools & Platforms: Linux, Microsoft Office Suite, Python, SQL, Tableau, AI, Jira, Figma, Wix, Google Ads

Skills: Workflow automation, RCA, Trend Analysis, MECE, Issue Trees, Agile, Cloud, IoT, SCAMPER

Creatives: TEDx (2019) Working Team at Manipal University Jaipur

Hobbies: Cooking, Photography and Travelling
